DRUG/MED RETURN DROP BOXES

Old prescriptions left unsecured in the home can often be an easy source for someone thinking about unsafely using prescription medications and can be dangerous for pets or children who may accidentally ingest them. They can also be confusing for elderly people who may have multiple prescriptions. **Med Return boxes** are intended to be a secure location for safely disposing of expired, unused & unwanted prescriptions.

Accepted: Prescriptions, Over-the-Counter (OTC) solid medications, Tablets, Capsules, Liquid medications (in original containers: cough syrups and cold medications), Prescription patches, Medical creams and ointments, Vitamins, Nasal sprays, Pet medications

Not Accepted: Aerosol cans, Alcohol, Compressed cylinders (i.e. asthma inhalers), Hydrogen peroxide, Illicit drugs, Intravenous solutions, Injectables, Iodine-containing medications, Needles (i.e. EpiPens), Syringes, Thermometers

SHARPS DISPOSAL

SHARPS include: needles, syringes, lancets, other sharp objects, soiled bandages, disposable sheets, gloves.

If you are unable to properly dispose of SHARPS at your local hospital or pharmacy, and you are unable to use a mail-back service, you can contact your trash hauler for acceptance, provided that:

- (1) SHARPS are placed into a container that has a lid and strong enough to keep needles from sticking through the sides, i.e. liquid detergent bottles or metal cans.
- (2) The container is clearly labeled with the word(s): "Syringes," "SHARPS," or "Needles."
- (3) The lid is tightly on and heavy duty tape is securely around the lid and neck of bottle, preventing the lid from coming off or easily opening the container.
- (4) The container is placed in the center of your trash bag.

Per Pennsylvania State Law (Covered Device Recycling Act, 2010), as of January 2013, a disposal ban for electronic waste was made effective. Electronic waste, or e-waste, is any waste that has a circuit board or a cathode ray tube (CRT). This includes products such as:

- **Audio equipment** (CD, DVD & VCR players, MP3 players, radios, speakers, stereos & remote controls)
- **Computers** (laptops, tablets, central processing units (CPUs) and monitors) & **Peripherals** (keyboards, speakers, printers & fax machines)
- **Data storage devices** (USB & external hard drives)
- **Game consoles & Video equipment** (cameras & camcorders)
- **Telephones** (cell phones, cordless phones & answering machines)
- **Televisions**

PROGRAMS

Inclusion on these list does not imply endorsement or recommendation, make any guarantees, or assume any liability for the services performed of any individual or company by the County of Northampton. This list is provided as a courtesy and is in no way intended to be a complete list. It is recommend to call businesses for confirmation of accepted material and hours of operation.

CALL2RECYCLE (DROP-OFF & MAIL-IN)

You can enter your zip code to find the nearest [in-store drop-off](#) for rechargeable, single-use and E-bike batteries, as well as cellphones. Information on mail-in programs for these items can be found [here](#).

CAR SEATS (DROP-OFF)

Outdated car seats or car seats that had been in an accident should never be reused or donated. You can contact the manufacturer of the car seat to see if they offer a mail back on outdated car seats. Target offers an annual [Take-Back Program](#).

ELECTRONICS RECYCLING (DROP-OFF)

In addition to Municipal E-waste collection programs, [Best Buy®](#), [Staples®](#), [Goodwill Keystone](#), [BatteriesPlus](#) and [DRC Technologies](#) offer electronics recycling programs. Fees may apply.

FREECYCLE (NETWORKING PLATFORM FOR FREE ITEMS)

When you sign up with [Freecycle.org](#), you join one or more local Town groups and/or invite some local friends to form a Friends Circle. You make posts about things you want to gift or receive. Membership is free, and everything posted must be free, legal and appropriate for all ages.

LG CONSUMER ELECTRONICS (DROP-OFF & MAIL-IN)

You can enter your zip code to find the nearest accepting [drop-off location](#) participating in LG's Consumer Electronics recycling, or call 866-372-2928. Information on Mail-back programs can be found [here](#).

MERCURY THERMOSTATS (DROP-OFF)

Most thermostats containing mercury are manual thermostats– they have dials or levers that you need to adjust when you want to change the indoor temperature. There is mercury inside the sealed glass "tilt switch". In 2008, mercury thermostat collection legislation passed in Pennsylvania requiring manufacturers to establish collection programs for contractor and consumer-generated mercury thermostats. The Thermostat Recycling Coalition (TRC) is one of the easiest and cheapest way to comply with Pennsylvania Law. To participate, bring your mercury containing thermostat to any TRC collection location for disposal. Visit <https://thermostat-recycle.org> to search for nearby locations.

PACKAGING MATERIALS (DROP-OFF)

Bubble wrap, air pillows and Styrofoam peanuts can be reused, or you can recycle at a package shipping stores like UPS and Fed Ex Office. Bubble wrap should **not** be included in curbside recycling- it can damage equipment at the recycling sorting plant.

SAFE NEEDLE DISPOSAL (MAIL-IN)

To assist patients with managing and disposing of used sharps, many pharmaceutical companies offer mail-back programs, which are often free of charge. Other companies provide FDA-cleared containers to patients who use medications that require sharps. A list of mail-back and container programs you may be eligible for, as well as contact info for patients to enroll in a program. Please note that the patient must be actively taking the injectable medication and use the sharps container provided by the company to be eligible for each mail-back program. More information can be found [here](#).

SCHOOL SUPPLIES (DROP-OFF)

Eligible items (back packs, lunch bags, binders, crayons, colored pencils, glue sticks & bottles, pencils, pencil pouches, pens, markers, highlighters, rulers, etc. can be recycled in-store at [Staples®](#), points and rewards are offered in-store only.

Broken/old crayons can be mailed to the [National Crayon Recycle Program](#), or [the Crayon Initiative](#) where they are melted down and reformed them into new ones. Leave the wrappers on so they can be easily identified.

SMOKE DETECTORS (MAIL-IN)

There are two types of smoke detectors: photoelectric or ionizing. The ionizing variety is radioactive and may pose hazards to human health if large quantities are accumulated. Smoke detectors can be returned to the manufacturer. See the [United States Postal Services instructions](#) for mailing back old smoke detectors to the manufacturer. Newer models of detectors are free of radioactive elements and can be disposed of in the trash. These do not display the radioactive symbol on them. Remove batteries prior to disposal.

TERRACYCLE (MAIL-IN)

[TerraCycle](#) partners with companies and brands to offer free recycling solutions for typically hard-to-recycle waste streams. These are mail-in programs where you collect and box your selected program stream(s), download a free shipping label, and mail your box to Terracycle.

TRADE-IN & RECYCLING PROGRAMS (MAIL-IN)

Explore options to sell, trade-in, donate or recycle your old cell phone. Remove batteries before mailing.
